

Forward by Chief Inspector Andy Lemon, Strabane Area Commander & James Emery, Chairman Strabane DPP.

We would like to take this opportunity to commend the local policing plan for 2010-11 to the community of Strabane.

The plan has been created in consultation with the local District Policing Partnership and reflects the priorities highlighted as part of the intensive consultation process carried out in the area by Strabane DPP. It identifies those issues which affect all sections of the local community and provides a focus for policing in Strabane. This means that local police are offering a service directed by the local community.

During the forthcoming year, we will continue to work with communities and partners to make Northern Ireland safe, confident and peaceful. As a District, we will be implementing a new **Policing with the Community Strategy** which will be based on the three vital principles of being more **Visible, Accessible and Responsive** to community needs.

You can expect to see more officers on the beat or on cycle patrols across the area, with a more personal approach to policing. These officers will be more accessible to you, will be responsive to local needs and issues, and will work with communities to make a difference.

In return we would ask for the continued support and assistance of the whole community to tackle the challenges that exist and to make the Strabane Area a safer place for all.

Thank you

Andy Lemon
