Referee Verification

Once an applicant has completed the verification section of the form, where a referee is required, the stated referee(s) will receive an email to notify that they are required to complete their verification. This email will contain the Application Reference Number, which will be required to complete the referee verification process.

The referee has up to 7 days to complete their verification; if not completed within this time frame, the application will be cancelled and an automatic refund issued. To avoid the cancellation of an application, if the referee has not completed the verification section 3 days following the applicant’s submission, a reminder email will be sent to the referee. A further email reminder will be sent on Day 6 if verification has still not been completed.
