

Police Service of Northern Ireland Manual of Policy, Procedure and Guidance on

Conflict Management

The guidance in this manual is provided to assist policing in Northern Ireland only.

The decision to make the content or any part of it, publicly available or not, rests with the Chief Constable

Personal

Professional

Protective

The purpose of this manual is to facilitate an understanding and to provide practical guidance concerning the use of force by police officers. It is intended to follow the policy, procedure and guidelines promulgated to forces by the Association of Chief Police Officers (ACPO).
