Request Number: F-2013-01177

Keyword: Road Policing

Subject: Speed Cameras

Request and Answer:

Question 1

The total number of fixed speed camera housings (for example, yellow boxes) currently installed across the police authority area.

Answer

This is to inform you that the Police Service of Northern Ireland (PSNI) has now completed its search for the information you requested and the answers to the questions are as follows.

4 fixed camera sites.

Question 2

The maximum number of these boxes that can be equipped with working parts (ie, a camera that is able to photograph speeding vehicles) at any one time. I ask this because some police forces have been known to rotate a handful of working camera units across multiple housings, leaving empty housings as a deterrent.

Answer

All cameras are operational.

Question 3

The total number of 'mobile' speed cameras your police force currently operates.

Answer

PSNI currently operates 8.
