

FREEDOM OF INFORMATION REQUEST

Request Number: F-2014-05281

Keyword: Crime

Subject: Theft of Livestock 2012 - 2014

Request and Answer:

Question 1

Provide a breakdown of all thefts of livestock (i.e. farm animals) which have been reported stolen in each of the last three years (2012/13, 2013/14 and 2014/15 so far). In each instance please specify the date, details of the number and type of livestock stolen, the financial value of the livestock, and the PSNI's DCU/area in which the theft took place. It would be helpful if the response could be issued in three different tables for the three different years.

Answer

This is to inform you that the Police Service of Northern Ireland has now completed its search for the information you requested. The decision has been taken to disclose the located information to you in full.

Please find attached the three tables giving the breakdown of all thefts of livestock for the years 2012/13, 2013/14, and 2014/15 so far.

Question 2

Please state how many arrests have been made over livestock theft in each of these years? In each year, state how many cases this relates to (for example, five people may be arrested over one livestock case).

Answer

There was one person arrested in connection with one incident during 2012/13 (based on there being a custody/arrest record held in the same incident record in which the livestock theft was recorded).

There was one person arrested in connection with 5 incidents during 2013/14 (based on there being a custody/arrest record held in the same incident records in which the livestock thefts were recorded)

There have been no arrests in connection with any incidents reported during the 2014/15 time period (based on there being no custody/arrest records held in the same incident records in which the livestock thefts were recorded)

Please note: if a custody/arrest record relating to livestock theft is not held in the same incident record in which the livestock theft was recorded, it would not be identified.

Question 3

Please state, in each year, in how many cases was NO-ONE arrested.

Answer

There were 219 incidents with no linked custody (arrest) record in the 2012/13 period.

There were 251 incidents with no linked custody (arrest) record in the 2013/14 period.

There were 83 incidents with no linked custody record in the 2014/15 period.

Please note: if a custody/arrest record relating to livestock theft is not held in the same incident record in which the livestock theft was recorded, it would not be identified.

If you have any queries regarding your request or the decision please do not hesitate to contact me on 028 9070 0164. When contacting the Freedom of Information Team, please quote the reference number listed at the beginning of this letter.

If you are dissatisfied in any way with the handling of your request, you have the right to request a review. You should do this as soon as possible, or in any case within two months of the date of issue of this letter. In the event that you require a review to be undertaken, you can do so by writing to the Head of Freedom of Information, PSNI Headquarters, 65 Knock Road, Belfast, BT5 6LE or by emailing foi@psni.pnn.police.uk.

If following an internal review, carried out by an independent decision maker, you were to remain dissatisfied in any way with the handling of the request you may make a complaint, under Section 50 of the Freedom of Information Act, to the Information Commissioner's Office and ask that they investigate whether the PSNI has complied with the terms of the Freedom of Information Act. You can write to the Information Commissioner at Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. In most circumstances the Information Commissioner will not investigate a complaint unless an internal review procedure has been carried out, however the Commissioner has the option to investigate the matter at his discretion.

Please be advised that PSNI replies under Freedom of Information may be released into the public domain via our website @ www.psnipolice.uk

Personal details in respect of your request have, where applicable, been removed to protect confidentiality.

Theft of livestock 2012/13

There were 220 offences during the specified time period where the property stolen was livestock.

In 2 of the incidents there were two types of livestock stolen (incident references 49 and 103) resulting in the 222 rows of data provided below

Where quantity or value is '0' the information is missing or not available.

In some cases additional detail indicates that the value represents the total value of all livestock stolen or that there were a certain number of animals stolen at a specified value for each. In other cases it is not known whether the value provided represents a single animal or all animals stolen.

Please note: This information is based on data extracted from a live crime recording system and may be subject to change. It is dependent on the information having been input into the system in such a way as to identify those records that are relevant.

Theft of livestock 2013/14

There were 256 offences during the specified time period where the property stolen was livestock.

Where quantity or value is '0' the information is missing or not available.

In some cases additional detail indicates that the value represents the total value of all livestock stolen or that there were a certain number of animals stolen at a specified value for each. In other cases it is not known whether the value provided represents a single animal or all animals stolen.

Please note: This information is based on data extracted from a live crime recording system and may be subject to change. It is dependent on the information having been input into the system in such a way as to identify those records that are relevant.
