

DRUG SEIZURE AND ARREST STATISTICS IN NORTHERN IRELAND

2003 / 2004

Drug Seizure and Arrest Statistics in Northern Ireland 2003/2004

Summary

- A total of 2,347 drug seizure incidents were recorded in 2003/04, an increase of 31.8% on 2002/03. As in previous years cannabis was the drug most commonly seized.
- The number of seizures involving Class A drugs was up by 28.7% on the previous year (from 335 in 2002/03 to 431 in 2003/04).
- Ecstasy accounted for the greatest number of Class A seizure incidents, however the number of ecstasy tablets seized fell by 63.2% from 605,188 in 2002/03 to 222,888 in 2003/04.
- During 2003/04, 11.47kg of cocaine powder was seized compared with 3.02kg in 2002/03. This was largely due to a single seizure of 8.25kg in October 2003.
- The number of seizures involving Class B drugs increased by 11.0%, however as cannabis was reclassified as a Class C drug on 29th January 2004, such comparisons with previous years are misleading.
- Seizures of cannabis (regardless of classification type) increased by 33.4% during the year from 1,487 in 2002/03 to 1,984 in 2003/04.
- There was also a substantial increase in the quantity of cannabis resin seized in 2003/04 (2,204.2 kg compared with 709.5 kg in 2002/03).
- The number of persons arrested for drug related offences increased by 35.4% from 1,295 in 2002/03 to 1,754 in 2003/04.

Table 1: Drug Seizures and Arrests 2001/02 – 2003/04

Drugs Seized		2001/02		2002/03		2003/04

¹ As seizure incidents can involve more than one drug type, seizure figures for individual drugs cannot be added together to produce totals.

² Cannabis was reclassified from Class B to Class C on the 29th January 2004, as such seizure information has been split in Table 1. For comparability purposes, Table 2 shows seizure information for Cannabis for each of the last 3 years.

Table 3: Seizures Incidents and Arrests by DCU 2002/03 – 2003/04

DCU	No. of Seizure Incidents				No. of Arrests
