Police Issued Fixed Penalty Notice and Discretionary Disposal Statistics for Traffic Offences in Northern Ireland: Monthly Update to 31st October 2015

Published 25th November 2015

This bulletin presents the most recent fixed penalty notice and discretionary disposal statistics issued by the police for traffic offences for the period 1st November 2014 to the 31st October 2015 based on figures that were compiled on 19th November 2015. Figures are provisional and will be subject to change. A further breakdown of the information provided in this report can be found in the [accompanying spreadsheet](#) which is also published on the PSNI website.

Key Findings

- There were 26,746 Fixed Penalty Notices (FPNs) and discretionary disposals issued by the police for traffic offences in Northern Ireland in the 12 months from 1st November 2014 to the 31st October 2015 compared with 27,195 issued in the previous twelve months to 31st October 2014, a decrease of 449 (-1.7%) (Table 1).
- Endorsable FPNs accounted for just over half (14,402, 53.8%) of all FPNs and discretionary disposals from 1st November 2014 to the 31st October 2015 (Table 1).
- FPNs and discretionary disposals issued for speeding offences (6,200) accounted for 23.2% of all those issued. This does not include drivers detected for speeding through the Northern Ireland Road Safety Partnership or those police officer detections where drivers were given the option of attending a Speed Awareness Course.
- Just over one-fifth (20.8%) of FPNs and discretionary disposals, a total of 5,569 were issued for using hand held mobile phone in the 12 months to 31st October 2015.
- The number of FPNs and discretionary disposals in the 12 months from 1st November 2014 to the 31st October 2015 issued to males was almost three times the number issued to females, similar to previous years. (Figure 2)

NOT PROTECTIVELY MARKED
Trend Information

1. Legislation changed in 2003 to enforce seatbelt offences with FPNs in place of advice and warning
2. Introduction of 'Using hand held mobile phone' offence in March 2004
3. Majority of parking offences no longer enforced by PSNI from 29th Oct 2006
4. Speed awareness course introduced in June 2010 as a disposal option instead of receiving a FPN for speeding offences
5. Discretionary Disposals introduced during 2011 as an alternative disposal option for dealing with traffic offences

Notes

Fixed Penalties originated as an administrative way to deal with simple parking offences without referring such matters to the courts. Such was its success that it was identified as an efficient way to deal with minor road traffic offences and was expanded to encompass these matters in the mid 1980s. With the introduction of penalty points for traffic offences, the scheme was expanded to incorporate Endorsable and Non-Endorsable offences.

Non-endorsable offences - meaning those which don't result in points on your licence incur a fine of £30. Fines for endorsable offences are £60 and three points. More serious offences such as driving without insurance can incur fines of up to £200 and six points. Other fixed penalty offences include No MOT (£60) or Vehicle Excise License (£60). Fine collection and revenue reporting are managed by the NI Courts Service.

Discretionary disposals were introduced to the PSNI in 2011 as an alternative method of disposal for dealing with traffic offences.

A list of fixed penalty offences can be found at – [FPN List](#)

This report looks at all FPNs issued by the police – both Endorsable and non Endorsable as well as discretionary disposals issued for Motoring Offences during the most recent twelve months. It does not include FPNs issued to drivers who were detected for speeding through the NI Road Safety Partnership. Figures relating to those detected through the Partnership can be accessed via following link – [NI RSP](#)

We are currently undertaking development work with the aim of expanding the number of disposal options we include in this report.

Definitions

Non-Endorsable Fixed Penalties

Police officers in uniform currently issue Non-Endorsable Fixed Penalties. There are over 130 offences associated with a non-endorable notice ranging from lighting offences to incorrect form of registration marking.

Non-Endorsable Fixed Penalty notices carry a fine of £30. There are no points endorsed on your driving licence.

The Traffic Management (NI) Order 2005 came into effect on 30th December 2006. The effect of this legislation was to decriminalise the vast majority of parking and waiting offences in Northern Ireland. Responsibility for enforcement of parking/waiting restrictions is carried out by Traffic Attendants and is the responsibility of DRD Road Services. National Car Parks Limited provides this service on behalf of DRD Road Services.

Endorsable Fixed Penalties

Police officers (in uniform) are able to issue Endorsable Fixed Penalty Notices (EFPNs) for a variety of road traffic offences. The offences range from stopping on a motorway to defective tyres. However, the most common ones are excess speed, using a handheld mobile phone and driver failing to wear a seatbelt.

Endorsable Fixed Penalty Notices differ from non-endorable fixed penalty notices. They involve the endorsement of penalty points on a driving licence and they carry a heavier fine currently £60. Penalty Points remain on your licence for a period of 3 years.

The offence of 'Driving or causing or permitting a person to drive a motor vehicle whilst uninsured' may also be dealt with by the issue of an Endorsable Fixed Penalty Notice. The penalty for this offence is a fine of £200 and six penalty points. Your vehicle will also be seized pending the production of valid insurance and any other required driving documents.

Discretionary Disposal

Discretionary disposals were introduced to provide a speedy, effective outcome tailored to the needs of the victim. In addition they challenge offenders to recognise the impact of their behaviour. They can be used for a specified list of low level offences and are dealt with in this way rather than reporting the case to the Public Prosecution Service. In addition, the offender must have admitted to the offence before a discretionary disposal can be considered.

Speed Awareness Courses

Drivers, depending on the speed at which they were detected, may be offered an opportunity to attend a Speed Awareness Course as an alternative to penalty points. The course which is available at nine locations throughout Northern Ireland and delivered and managed by an appointed contractor must be attended within a period of 120 days from the date of detection. This method of disposal was introduced in June 2010. Certain restrictions apply to who can qualify for the speed awareness course option.
