Overall	59.3%	-20.7% pts		50.7%	-19.3% pts	
Urban Region	61.7%	-18.3% pts		51.7%	-18.3% pts	
Rural Region	63.6%	-16.4% pts		55.5%	-14.5% pts	
All other units	38.3%	-41.7% pts		28.8%	-41.2% pts	

Domain: Organisational Development	
10.1.1 To demonstrate progress towards the implementation of actions as detailed in Part 3.	Updates on ongoing basis as required by Policing Board

- 1 More serious violent crime includes offences of murder, manslaughter, infanticide, child destruction, attempted murder, causing death/GBH by dangerous driving /aggravated vehicle taking, wounding/GBH with intent, firearms/explosives offences endangering life, administering poison and wounding/GBH.
- 2 During 2007/08 the age of the victim was unknown in 2.4% of all violent crimes, ranging from 1.1% in F District to 5.4% in A District. For 2008/09 this figure also stands at 2.4%, ranging from 1.8% in E District to 3.6% in B District.
- 3 The figures for repeat victimisation (domestic abuse) are based on a count of the number of individuals who have been the victim of a crime with a domestic abuse motivation on more than one occasion during the specified 12 month periods provided.
- 4 The figures shown only reflect impact on crime gangs achieved by drug squad. The 2008/09 figures are ongoing totals that are changing on a continuous basis in accordance with successes against crime gangs. Success should be evaluated in terms of how the PSNI is progressing throughout the year towards exceeding the previous years outcomes.
- 5 Seized figures are those for cash seizures. Recovered figures are those where successful confiscations were obtained in court. The figures do not take into account assets under restraint.
- 6 The rural and urban figures for 2007/08 and 2008/09 may not add to the overall total as some incidents are not allocated to a District (eg those occurring in a motorway location).
- 7 The sickness figures are measured against what would be expected for each month on a cumulative basis. The target to be achieved by 31 March 2009 for police officers and civilian staff is 7 days which equates to 0.58 days for each month. On a cumulative basis this becomes 0.58 for April, 1.17 for April-May, 1.75 for April to June etc. The total average working days lost for the current financial year to date are presented against these targets.
