

FREEDOM OF INFORMATION REQUEST

Request Number: F-2022-00396

Keyword: Crime

Subject: Electric Scooter Statistics

Request and Answer:

Your request for information has now been considered. In respect of Section 1(1) (a) of the Act we can confirm that the Police Service of Northern Ireland does hold some information to which your request relates and this is being provided to you. We further consider some of the information you seek in the request is exempt by virtue of Section 40 of FOIA and have detailed our rationale as to why this exemption applies. We have also provided you with links to guidance issued by the Information Commissioner's Office which we have followed in responding to your request.

Request 1

The number of offences recorded by your force involving e-scooters or electric scooters in each of the past three calendar years: 2019, 2020 and 2021. If this information is not recorded, please provide figures on the number of crimes in which the initial incident detail mentions the word 'e-scooter' or the words 'electric scooter'.

Request 2

Please provide a breakdown for each of these offences of:

- The offence description
- The ONS offence subgroup
- The outcome recorded (if any)

Answers

PSNI can advise that we do not hold any vehicle classification/description that would identify electric scooters.

In partial response to your request, please see attached spreadsheet titled, '00396 – Crimes including text E-Scooter or Electric Scooter' which provides those records where the text 'e-scooter' or 'electric scooter' can be found within the initial call for service made to police. Please note the data has been provided in an uncorrelated format, to minimise the risk of identification.

Section 17(1) of the Freedom of Information Act 2000 requires the Police Service of Northern Ireland, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which:

- states that fact,

- (b) specifies the exemption in question and
- (c) states (if not otherwise apparent) why the exemption applies.

The exemption/s, as well as the factors the Department considered when deciding where the public interest lies, are listed below:

Section 40(2) (a) (b) by virtue of 40(3)(A)(a) Personal Information – Information constitutes personal data and disclosure would contravene any of the Data Protection principles.

The full text of exemptions can be found at www.legislation.gov.uk and further guidance on how they operate can be located on the Information Commissioners Office website www.ico.org.uk.

Section 40 (2) of the FOIA is an absolute exemption which means there is no requirement on PSNI to consider whether there is a public interest in disclosure. It is an interface exemption and we must consider whether release of the information would breach the General Data Protection Regulations ('GDPR') or the Data Protection Act 2018 ('DPA'). Third party information categorised as Criminal Offence Data and therefore special category data is 'personal data' under the GDPR (Article 4) and DPA (Part 1 s3).

Under the Freedom of Information Act, PSNI must consider if information can be released into the public domain. I have therefore considered whether the disclosure of this personal data is subject to the exemption at Section 40(2) of the Freedom of Information Act 2000 by virtue of s40 (3)(A)(a). As this information is 'personal data', PSNI considered whether disclosure would contravene any of the six data protection principles contained within the GDPR or DPA.

The six data protection principles are good information handling standards which PSNI must comply with in relation to how it handles personal information, including deciding whether to disclose it or not. In particular, the first principle requires personal data to be processed 'fairly and lawfully'. In considering whether it is 'fair' to any individual to release their convictions with any information that could possibly identify them, PSNI considered the likely expectations of those individuals and the nature of the information involved. Individuals must have confidence that their information is treated sensitively and appropriately by PSNI. We consider those individual officers would not have any reasonable expectation PSNI would disclose such information of this nature about them. We consider it would be extremely unfair to those individuals and therefore a breach of the first principle of data protection legislation. This information is therefore exempt under section 40 (2) of the FOIA as it contravenes data protection legislation to release it and PSNI has made the decision to withhold that information.
