

FREEDOM OF INFORMATION REQUEST

Request Number: F-2021-00635

Keyword: Organisational Information/Governance

Subject: Juvenile Offenders

Request and Answer:

Your request for information below has now been considered. In respect of Section 1(1)(a) of the Freedom of Information Act 2000 (FOIA) we can confirm that the Police Service of Northern Ireland does hold the information you have requested however it is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. We have explained to you below that when PSNI estimates whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if certain conditions are met. In this case those conditions are met and complying with all of your requests would in our estimation exceed that appropriate limit set out in Regulation. We have explained this further below but also we followed the Information Commissioner’s Office guidance ‘*Requests where the cost of compliance exceeds the appropriate limit*’ in relation to this request, which also provides further detail on the application of section 12 (1) of the FOIA. This guidance is available on the ICO website at the following link:

Request

I cannot find statistics relating to the age of people involved with the PSNI. I was hoping to get some information re the level of young individuals that come into contact with the PSNI in the area of Causeway Coast and Glens. This is to enable me to show our team there is a need for our service in your area.

The service is based on providing practical support of young people (13-24) involved with the police. I understand the demographic of 13-24 may not be possible, however U18 or U25 would be greatly appreciated.

Clarification received: Percentage of police attention (not necessarily arrests - warnings, cautions, anything) which involves u18 or if possible u25. Within the last 12 months would be fine.

Answer

Section 17(5) of the Freedom of Information Act 2000 requires the Police Service of Northern Ireland, when refusing to provide such information (because the cost of compliance exceeds the appropriate limit) to provide you the applicant with a notice which states that fact.

It is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. Section 12 of FOIA allows a public authority to refuse to deal with a request where it estimates that it would exceed the appropriate limit to either comply with the request in its entirety or confirm or deny whether the requested information is held. The estimate must be reasonable in the circumstances of the case. The ‘appropriate limit’ is currently £600 for central government and £450 for all other public authorities including PSNI. The relevant Regulations which define the appropriate limit for section 12 purposes are The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 SI 2004 No 3244. These are known as the ‘Fees Regulations’ for brevity.

Regulation 4(3) of the Fees Regulations states that a public authority can take into account the costs it reasonably expects to incur in carrying out the following permitted activities in complying with the request:

- (i) determining whether the information is held;
- (ii) locating the information, or a document containing it;
- (iii) retrieving the information, or a document containing it; and
- (iv) extracting the information from a document containing it.

Under those regulations PSNI can calculate the time spent on each of these permitted activities at £25 per hour (thus if the activity(s) takes more than 18 hours PSNI will be in excess of the ‘appropriate limit’).

When a public authority is estimating whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if the conditions laid out in Regulation 5 of the Fees Regulations can be satisfied. Those conditions require the requests to be:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign;
- made for the same or similar information; and
- received by the public authority within any period of 60 consecutive working days.

Regulation 5(2) of the Fees Regulations requires that the requests which are to be aggregated relate “to any extent” to the same or similar information. This is quite a wide test but public authorities should still ensure that the requests meet this requirement.

Enquiries made in relation to your request has identified that retrieval of any relevant information would exceed the 18 hour cost limit, set by the Secretary of State under the FOI Act.

There is no exact method to establish exact numbers of young people that came into contact with PSNI in the area of Causeway Coast and Glens, within the last 12 months. Retrieval of any relevant information would require an interrogation of multiple police systems for the 12 month period and would also require individual officers to retrieve details of young people that they have come into contact with. This is not proportionate. Although difficult to quantify, it is estimated that retrieval of any relevant information would far exceed the 18 hour cost limit and is therefore deemed excessive.

Under Section 12 of the Freedom of Information Act 2000, if any part of the request exceeds the cost threshold then the whole request will be excess costs and there is no obligation to answer any part of the request.

In accordance with the Freedom of Information Act 2000, this letter should be considered as a Refusal Notice and the request has therefore been closed.
