

FREEDOM OF INFORMATION REQUEST

Request Number: F-2022-01469

Keyword: Operational Policing

Subject: Cycling Incidents

Request and Answer:

Your request for information below has now been considered. In respect of Section 1(1)(a) of the Freedom of Information Act 2000 (FOIA) we can confirm that the Police Service of Northern Ireland does hold the information you have requested however it is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. We have explained to you below that when PSNI estimates whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if certain conditions are met. In this case those conditions are met and complying with all of your requests would in our estimation exceed that appropriate limit set out in Regulation. We have explained this further below but also we followed the Information Commissioner’s Office guidance ‘*Requests where the cost of compliance exceeds the appropriate limit*’ in relation to this request, which also provides further detail on the application of section 12 (1) of the FOIA. This guidance is available on the ICO website at the following link:

https://ico.org.uk/media/for-organisations/documents/1199/costs_of_compliance_exceeds_appropriate_limit.pdf

You requested the following information from PSNI:

Request 3

The number of emergency calls received where there had been an accident involving two or more motorised vehicles in each month in 2021 and 2022 (Jan-May).

Request 4

The number of those emergency calls that the Police attended.

Answer to Requests 1 - 4

Section 17(5) of the Freedom of Information Act 2000 requires the Police Service of Northern

Ireland, when refusing to provide such information (because the cost of compliance exceeds the appropriate limit) to provide you the applicant with a notice which states that fact.

It is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. Section 12 of FOIA allows a public authority to refuse to deal with a request where it estimates that it would exceed the appropriate limit to either comply with the request in its entirety or confirm or deny whether the requested information is held. The estimate must be reasonable in the circumstances of the case. The ‘appropriate limit’ is currently £600 for central government and £450 for all other public authorities including PSNI. The relevant Regulations which define the appropriate limit for section 12 purposes are The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 SI 2004 No 3244. These are known as the ‘Fees Regulations’ for brevity.

Regulation 4(3) of the Fees Regulations states that a public authority can take into account the costs it reasonably expects to incur in carrying out the following permitted activities in complying with the request:

- (i) determining whether the information is held;
- (ii) locating the information, or a document containing it;
- (iii) retrieving the information, or a document containing it; and
- (iv) extracting the information from a document containing it.

Under those regulations PSNI can calculate the time spent on each of these permitted activities at £25 per hour (thus if the activity(s) takes more than 18 hours PSNI will be in excess of the ‘appropriate limit’).

When a public authority is estimating whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if the conditions laid out in Regulation 5 of the Fees Regulations can be satisfied. Those conditions require the requests to be:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign;
- made for the same or similar information; and
- received by the public authority within any period of 60 consecutive working days.

Regulation 5(2) of the Fees Regulations requires that the requests which are to be aggregated relate “to any extent” to the same or similar information. This is quite a wide test but public authorities should still ensure that the requests meet this requirement.

Enquiries made in relation to your request has identified that retrieval of information would exceed the 18 hour cost limit set under the FOI Act by the Secretary of State.

In relation to Request 3 and Request 4, the information requested is not held in a retrievable format that provides the information without manual intervention. An initial search was carried out for the months of January and February 2021, which returned a total of 3330 and 3388 Road Traffic Collision (RTC) serials. Each of these serials would have to be manually reviewed in order to identify the number of emergency calls received in relation to an accident involving two or more motorised vehicles. The retrieval process for these two months alone would vastly exceed the 18 hour cost limit.

Under Section 12 of the Freedom of Information Act 2000, if any part of the request exceeds the cost threshold then the whole request will be excess costs and there is no obligation to answer any part of the request.

In accordance with the Freedom of Information Act 2000, this letter should be considered as a Refusal Notice, and the request has therefore been closed.

Advice and Assistance

Under Section 16 of the FOIA PSNI will always try to assist you to refine your request and provide advice where we can. PSNI have considered how your request may be refined to bring it under the appropriate limit. Unfortunately, as a manual trawl of records for Requests 3 & 4 would be required for retrieval of any relevant information, it is not possible to offer any refinement to assist these requests.

Although excess cost removes the PSNI's obligations under the Freedom of Information Act, we have provided below the information that was retrieved prior to realising that the fees limit would be exceeded. We trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of the request.

Response to Request 1

Searches carried out for this part of your request identified one emergency incident reported involving a cyclist and a vehicle – occurred July 2021.

Response to Request 2

Police attended the incident.

Submission of a refined request would be treated as a new request, and considered in accordance with the Freedom of Information Act 2000, including consideration of relevant Part II exemptions.
