

## FREEDOM OF INFORMATION REQUEST

**Request Number:** F-2022-01653

**Keyword:** Crime

**Subject:** Tool Theft

### Request and Answer:

Your request for information below has now been considered. In respect of Section 1(1)(a) of the Freedom of Information Act 2000 (FOIA) we can confirm that the Police Service of Northern Ireland does hold the information you have requested however it is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. We have explained to you below that when PSNI estimates whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if certain conditions are met. In this case those conditions are met and complying with all of your requests would in our estimation exceed that appropriate limit set out in Regulation. We have explained this further below but also we followed the Information Commissioner’s Office guidance ‘*Requests where the cost of compliance exceeds the appropriate limit*’ in relation to this request, which also provides further detail on the application of section 12 (1) of the FOIA. This guidance is available on the ICO website at the following link:

You requested the following information from PSNI:

I am writing to you under the Freedom of Information Act 2000 to request the following information.

### Request

Please can you provide information on reports of theft of building materials, equipment and tools from commercial properties and vehicles? Specifically, I’d like to request the number of reports of these types of theft within your jurisdiction from 1st January 2020 to the present (5th July 2022), broken down by calendar year.

Where possible please provide the total cost of the claims for each theft. If you could also provide me with a basic description of the items stolen in each report that would be greatly appreciated.

### Answer

Section 17(5) of the Freedom of Information Act 2000 requires the Police Service of Northern Ireland, when refusing to provide such information (because the cost of compliance exceeds the appropriate limit) to provide you the applicant with a notice which states that fact.

It is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. Section 12 of FOIA allows a public authority to refuse to deal with a request where it estimates that it would exceed the appropriate limit to either comply with the request in its entirety or confirm or deny whether the requested information is held. The estimate must be reasonable in the circumstances of the case. The ‘appropriate limit’ is currently £600 for central government and £450 for all other public authorities including PSNI. The relevant Regulations which define the appropriate limit for section 12 purposes are The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 SI 2004 No 3244. These are known as the ‘Fees Regulations’ for brevity.

Regulation 4(3) of the Fees Regulations states that a public authority can take into account the costs it reasonably expects to incur in carrying out the following permitted activities in complying with the request:

- (i) determining whether the information is held;
- (ii) locating the information, or a document containing it;
- (iii) retrieving the information, or a document containing it; and
- (iv) extracting the information from a document containing it.

Under those regulations PSNI can calculate the time spent on each of these permitted activities at £25 per hour (thus if the activity(s) takes more than 18 hours PSNI will be in excess of the ‘appropriate limit’).

When a public authority is estimating whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if the conditions laid out in Regulation 5 of the Fees Regulations can be satisfied. Those conditions require the requests to be:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign;
- made for the same or similar information; and
- received by the public authority within any period of 60 consecutive working days.

Regulation 5(2) of the Fees Regulations requires that the requests which are to be aggregated relate “to any extent” to the same or similar information. This is quite a wide test but public authorities should still ensure that the requests meet this requirement.

Enquiries made in relation to your request have identified that retrieval of this information would exceed the 18 hour cost limit set under the FOI Act by the Secretary of State.

The relevant business area has advised they are unable to identify commercial vehicles, therefore a manual examination of all recorded ‘Theft from a vehicle’ offences where property described as either ‘building & building material’ or ‘machinery & tools’ was classified as ‘stolen’ would be required. There are around 250 such offences for the time period requested and it has been estimated it would take in excess of 20 hours to manually review each individual offence in an attempt to ascertain if the information is available on PSNI’s Niche Record Management system as to whether the vehicle was ‘commercial’. To conduct the necessary review of each offence would exceed the FOI cost threshold. Additionally, the cost threshold would be further increased for the remainder of your request.

**Under Section 12 of the Freedom of Information Act 2000, if any part of the request exceeds the cost threshold then the whole request will be excess costs and there is no obligation to answer any part of the request.**

In accordance with the Freedom of Information Act 2000, this letter should be considered as a Refusal Notice, and the request has therefore been closed.

## Advice and Assistance

Under Section 16 of the FOIA PSNI will always try to assist you to refine your request and provide advice where we can. PSNI have considered how your request may be refined to bring it under the appropriate limit. Unfortunately, we are unable to offer any refinement in relation to 'commercial vehicles' as a manual trawl of records is required.

However, PSNI can assist with the remainder of your request as follows:

- We can provide all burglary, robbery and theft offences where property described as either 'building & building material' or 'machinery & tools' was classified as 'stolen' where the MO location was input as 'commercial' (additional potential categories for inclusion would be 'financial', 'hospitality', 'leisure' and 'shop'). This approach would bring in items of property that were taken as part of offences such as shoplifting.
- Alternatively, we can provide the number of offences of 'Burglary – Business & Community' where property described as either 'building & building material' or 'machinery & tools' was classified as 'stolen'. However, this will include a number of non-commercial premises (e.g. public buildings, non-profit organisations etc).

**Please note:** If you wish to resubmit your request based on the options above, can you please indicate which option you would prefer. If you prefer the MO location option, can you also indicate which of the categories you wish to be included.

Submission of a refined request would be treated as a new request, and considered in accordance with the Freedom of Information Act 2000, including consideration of relevant Part II exemptions.

If you have any queries regarding your request or this decision please do not hesitate to contact me on 028 9070 0164. When contacting the Corporate Information Branch, please quote the reference number listed at the beginning of this letter.

If you are dissatisfied in any way with the handling of your request, you have the right to request a review. You should do this as soon as possible or in any case within two months of the date of issue of this letter. In the event that you require a review to be undertaken, you can do so by writing to the Head of Corporate Information Branch, PSNI Headquarters, 65 Knock Road, Belfast, BT5 6LE or by emailing [foi@psni.pnn.police.uk](mailto:foi@psni.pnn.police.uk).

If following an internal review, carried out by an independent decision maker, you were to remain dissatisfied in any way with the handling of the request you may make a complaint, under Section 50 of the Freedom of Information Act, to the Information Commissioner's Office and ask that they investigate whether the PSNI has complied with the terms of the Freedom of Information Act. You can write to the Information Commissioner at Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. In most circumstances the Information Commissioner will not investigate a complaint unless an internal review procedure has been carried out, however the Commissioner has the option to investigate the matter at his discretion.
