

Title of Policy	Aim of Policy	Summary of Screening Findings
<a href="#">VIPER (Video Identification Parade Electronic Recording)</a>	<p>The aim is to consider how the organisation restructures the delivery of VIPER procedures. These procedures provide a process to assist PSNI officers with the investigation of crime when an issue exists with the identification of a suspect. The aim of the changes is to provide a more efficient and improved service to the organisation and victims of crime.</p> <p>The preferred design is –</p> <ol style="list-style-type: none"> <li>1. Maintain 6 of the existing 7 VIPER suites with staff allocated to 4 of these locations.</li> <li>2. The introduction of a central booking system.</li> <li>3. Lisburn suite to relocate to HMP Maghaberry for captures of suspects who are in custody.</li> <li>4. A revised shift pattern for VIPER staff</li> </ol>	<p>The PSNI has placed the staffed VIPER suites in four geographical areas of the province in accordance with demand whilst maintaining Viper Suites with both capture and viewing facilities at 2 of the remaining 3 Viper suites. In addition a new Viper Capture Suite is being established in HMP Maghaberry to provide an onsite facility to perform Viper captures of remand and sentenced prisoners. This will provide an effective service to the organisation and the public, minimising the travel and inconvenience to suspects, legal representatives.</p>
<a href="#">Firearms and Explosives Branch review of online application and charges review</a>	<p>The aim of the decision is to provide a more effective and secure service to the members of the public when submitting their Firearms Application to PSNI. The re-designed process will ensure that the Branch receives all the relevant information right first time, that it will receive accurate payment on every occasion, that it will reduce bureaucratic administrative processes, streamline our processes, that it will increase the security of the applicants data and improve turnaround times for processing applications.</p>	<p>The development of an online process aims to provide a more user friendly, efficient and effective process which intend to meet the needs of the customer and utilises technology to enhance service delivery. PSNI have simplified the process and provided online guidance notes and a help line to assist members of the public complete the application.</p>
