

FREEDOM OF INFORMATION REQUEST

Request Number: F-2020-01942

Keyword: Organisational Information/Governance

Subject: Roborder Project

Request and Answer:

Your request for information below has now been considered. In respect of Section 1(1)(a) of the Freedom of Information Act 2000 (FOIA) we can confirm that the Police Service of Northern Ireland does hold the information you have requested however it is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. We have explained to you below that when PSNI estimates whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if certain conditions are met. In this case those conditions are met and complying with all of your requests would in our estimation exceed that appropriate limit set out in Regulation. We have explained this further below but also we followed the Information Commissioner’s Office guidance ‘*Requests where the cost of compliance exceeds the appropriate limit*’ in relation to this request, which also provides further detail on the application of section 12 (1) of the FOIA. This guidance is available on the ICO website at the following link:

Request

This is a request for all documentation and international communications held by the PSNI that includes information on or relating to the Roborder project.

The above request includes all documentation (to include policy documents, internal communications, meeting minutes, presentations, statistical reports, reports prepared for the Ministers or external partners), that includes information on or relating to the Roborder project held by the PSNI.

Answer

Section 17(5) of the Freedom of Information Act 2000 requires the Police Service of Northern Ireland, when refusing to provide such information (because the cost of compliance exceeds the appropriate limit) to provide you the applicant with a notice which states that fact.

It is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. Section 12 of FOIA allows a public authority to refuse to deal with a request where it estimates that it would exceed

the appropriate limit to either comply with the request in its entirety or confirm or deny whether the requested information is held. The estimate must be reasonable in the circumstances of the case. The 'appropriate limit' is currently £600 for central government and £450 for all other public authorities including PSNI. The relevant Regulations which define the appropriate limit for section 12 purposes are The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 SI 2004 No 3244. These are known as the 'Fees Regulations' for brevity.

Regulation 4(3) of the Fees Regulations states that a public authority can take into account the costs it reasonably expects to incur in carrying out the following permitted activities in complying with the request:

- (i) determining whether the information is held;
- (ii) locating the information, or a document containing it;
- (iii) retrieving the information, or a document containing it; and
- (iv) extracting the information from a document containing it.

Under those regulations PSNI can calculate the time spent on each of these permitted activities at £25 per hour (thus if the activity(s) takes more than 18 hours PSNI will be in excess of the 'appropriate limit').

When a public authority is estimating whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if the conditions laid out in Regulation 5 of the Fees Regulations can be satisfied. Those conditions require the requests to be:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign;
- made for the same or similar information; and
- received by the public authority within any period of 60 consecutive working days.

Regulation 5(2) of the Fees Regulations requires that the requests which are to be aggregated relate *"to any extent"* to the same or similar information. This is quite a wide test but public authorities should still ensure that the requests meet this requirement.

Enquiries made in relation to your request has identified that retrieval of any relevant information would exceed the 18 hour cost limit set by the Secretary of State under the FOI Act.

Initially, it had been identified there were potentially 13 individuals/business areas holding recorded information relevant to this request. Each individual/business area was canvassed for their estimates to retrieve and 7 confirmed they potentially hold information.

One of these business areas has confirmed information is held in both electronic and hard copy format i.e. emails, H and/or G drives and/or paper based records. It is estimated the retrieval process by this one area would take 32 hours alone, greatly exceeding the appropriate cost limit. Retrieval of information by the remaining record holders would further increase this estimate.

Under Section 12 of the Freedom of Information Act 2000, if any part of the request exceeds the cost threshold then the whole request will be excess costs and there is no obligation to answer any part of the request.

In accordance with the Freedom of Information Act 2000, this letter should be considered as a Refusal Notice and the request has therefore been closed.

Advice and Assistance

Under section 16 of the FOIA, PSNI will always try to assist you to refine your request and provide advice where we can. PSNI has considered how your request may be refined to bring it under the appropriate limit. Subject to any relevant exemptions, it may be possible to retrieve the following information within the appropriate cost limit.

If there is a particular aspect to the research project you are interested in and you are able to refine your request to a specific question, rather than requesting all information held, this may help to achieve retrieval within the appropriate cost limit. However, please note that all information will be subject to any relevant exemptions.

There is also significant information in the public domain on various websites and via an internet search engine. ROBORDER website – Roborder.eu has detailed information on the project not specific to PSNI. There are contact details on the website for the project coordinator who could possibly provide further information. The European Commission provides information on the project on the website - cordis.europa.eu (search ROBORDER).

Submission of a refined request would be treated as a new request and considered in accordance with the Freedom of Information Act 2000, including consideration of relevant exemptions at Part 2 of the FOIA.
