this property at least 4/ 5 households mixing

25	19/10/2020	17:33	BELFAST		Whilst driving from [REDACTED] to [REDACTED] on Sunday 20th October noticed that [REDACTED] and [REDACTED] whilst offering a takeaway service had provided tables and chairs for customers on the pavement in front of their premises which, to my mind, breaches the supposed takeaway service and was causing people to gather. This practice was repeating what these, and other cafes, had been doing during the previous period when only takeaway service was permitted. The provided tables and chairs are not permanent fixtures and come from inside the premises concerned.
