## FREEDOM OF INFORMATION REQUEST

**Request Number:** F-2020-02119

**Keyword:** Crime

**Subject:** Cyber Harassment on Social Media and Dating Apps

### Request and Answer:

Your request for information below has now been considered. In respect of Section 1(1) (a) of the Freedom of Information Act 2000 (FOIA) we can confirm that the Police Service of Northern Ireland does hold the information you have requested however it is estimated that the cost of complying with your request for information would exceed the “appropriate costs limit” under Section 12(1) of the Freedom of Information Act 2000. We have explained to you below that when PSNI estimates whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if certain conditions are met. In this case those conditions are met and complying with all of your requests would in our estimation exceed that appropriate limit set out in Regulation. We have explained this further below but also we followed the Information Commissioner’s Office guidance ‘*Requests where the cost of compliance exceeds the appropriate limit*’ in relation to this request, which also provides further detail on the application of section 12 (1) of the FOIA. This guidance is available on the ICO website at the following link:

I previously made this FOI request to cover Jan 2014-Jan 2020. I am seeking the same information from 1 Feb 2020 until now, Monday 9 November, inclusive of both of those dates. The request is as below.

### Request 1

For all crimes that fall under the home office offence sub group of “stalking and harassment” between Feb 1 2020 and Nov 9 2020, inclusive of both dates, please provide the number of crimes that include the keywords “Facebook”, “Twitter”, “Instagram”, “Snapchat”, “Whatsapp” or “TikTok” in the modus operandi report. Please also provide the dates that each of these incidents took place. If you have a flag for online/cyber crimes, please tell me how many of these crimes were flagged as such.

For the most recent 100 crimes, please provide the contents of the modus operandi report.

### Request 2

For all crimes that fall under the home office offence sub group of “stalking and harassment” between Feb 1 2020 and Nov 9 2020, inclusive of both dates, please provide the number of crimes that include the keywords “Tinder”, “Hinge”, “Grindr” or “Bumble” in the modus operandi report. Please

also provide the dates that each of these incidents took place. If you have a flag for online/cyber-crimes, please tell me how many of these crimes were flagged as such.

For the most recent 100 crimes, please provide the contents of the modus operandi report.

## Answers

Section 17(5) of the Freedom of Information Act 2000 requires the Police Service of Northern Ireland, when refusing to provide such information (because the cost of compliance exceeds the appropriate limit) to provide you the applicant with a notice which states that fact.

It is estimated that the cost of complying with your request for information would exceed the "appropriate costs limit" under Section 12(1) of the Freedom of Information Act 2000. Section 12 of FOIA allows a public authority to refuse to deal with a request where it estimates that it would exceed the appropriate limit to either comply with the request in its entirety or confirm or deny whether the requested information is held. The estimate must be reasonable in the circumstances of the case. The 'appropriate limit' is currently £600 for central government and £450 for all other public authorities including PSNI. The relevant Regulations which define the appropriate limit for section 12 purposes are The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulation 2004 SI 2004 No 3244. These are known as the 'Fees Regulations' for brevity.

Regulation 4(3) of the Fees Regulations states that a public authority can take into account the costs it reasonably expects to incur in carrying out the following permitted activities in complying with the request:

- (i) determining whether the information is held;
- (ii) locating the information, or a document containing it;
- (iii) retrieving the information, or a document containing it; and
- (iv) extracting the information from a document containing it.

Under those regulations PSNI can calculate the time spent on each of these permitted activities at £25 per hour (thus if the activity(s) takes more than 18 hours PSNI will be in excess of the 'appropriate limit').

When a public authority is estimating whether the appropriate limit is likely to be exceeded, it can include the costs of complying with two or more requests if the conditions laid out in Regulation 5 of the Fees Regulations can be satisfied. Those conditions require the requests to be:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign;
- made for the same or similar information; and
- received by the public authority within any period of 60 consecutive working days.

Regulation 5(2) of the Fees Regulations requires that the requests which are to be aggregated relate "to any extent" to the same or similar information. This is quite a wide test but public authorities should still ensure that the requests meet this requirement.

PSNI holds the information electronically on the database NICHE however it also requires manual intervention. The information would be contained within the modus operandi (MO) however this does not provide a summary report of the crime and would not provide details that would identify the keywords requested. The system does not facilitate an electronic search for text in the details of the serial log or in other documents/reports on NICHE and the requested words may be held in any of these fields. This would require a manual review of each incident. During the time period requested there were more than 8,400 offences recorded within classification '8L Harassment'. It would take

around 1,400 hours to manually examine each record for the presence of the requested text and would therefore be over the FOI legislative cost of 18 hours as set by the Secretary of State.

In accordance with the Freedom of Information Act 2000, this letter should be considered as a Refusal Notice, and the request has therefore been closed.

### **Advice and Assistance**

Under Section 16 of the FOIA PSNI will always try to assist you to refine your request and provide advice where we can. PSNI has considered how your request may be refined to bring it under the appropriate limit. It is possible to provide the following information:

- PSNI can conduct a text search of the free text keywords and remarks fields in (MO), this would be similar to us conducting a text search of the initial call for service made to police.
- In addition, where the free text keywords and remarks fields are completed on NICHE, however this may be the same information held in the initial call for service

To assist it should be noted there is currently no offence of stalking in Northern Ireland.

Submission of a refined request would be treated as a new request, and considered in accordance with the Freedom of Information Act 2000, including consideration of relevant Part II exemptions.

If you have any queries regarding your request or this decision please do not hesitate to contact me on 028 9070 0164. When contacting the Corporate Information Branch, please quote the reference number listed at the beginning of this letter.
