General Guidance to Help You through the Online Application of a Firearm Certificate:

At various stages throughout the application you will see question mark icons. They act as a guide to help you complete your application. For example:

A '?' icon (Tool Tip) beside a question will, once you click on it, give you examples of the type of information required or further guidance on how to respond to the question.

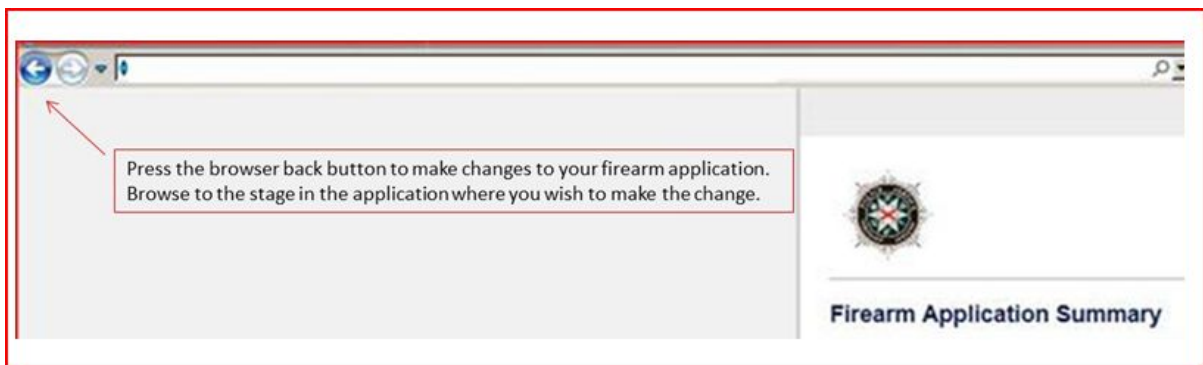

A magnifying glass icon will, once you click on it, open a drop down list to allow you to select the required information e.g. your GP Practice name, a Dealership or Club name.

To move back and forward to each stage of the application you should use the 'Previous', 'Next' or 'Submit' buttons.

Please use the previous and next buttons when browsing through your online application. If you use the browser back arrow you may need to enter the same information twice. The only time you can use the browser back button is if you wish to view the summary page again prior to making payment.

If you are an existing firearm certificate holder, this email receipt verifies that you may continue to possess firearms and/or ammunition as specified on your certificate until your new certificate is granted. The conditions on your existing certificate remain in force. This email also acts as your authority to purchase ammunition of the calibre and in the quantity stated on your existing certificate. Ammunition purchases must continue to be recorded on your FAC.

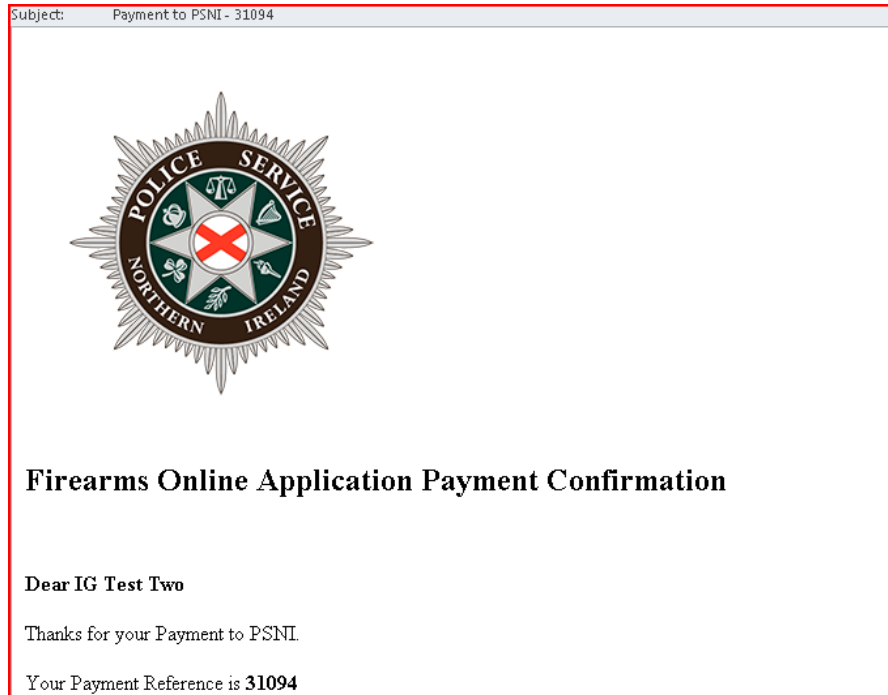

Once you receive your new FAC, please remember to destroy your old FAC by shredding or burning it.
