### **Key Statistics**

During the 12 months between 1 January 2022 and 31 December 2022:

- 21,910 persons were stopped and searched/questioned, 14% fewer than the previous 12 months.
- 74% of stops were conducted under the Misuse of Drugs Act\* (arrest rate 5%) and 11% of stops were conducted under PACE\* (arrest rate 21%).
- 12% of stops were conducted under the Justice and Security Act Section 24\* (arrest rate 1%) and 2% under the Justice and Security Act Section 21\* (arrest rate 1%).
- the number of stop and searches decreased under each of those powers used most frequently; PACE\* decreased by 15%, the Misuse of Drugs Act by 11%, the Justice and Security Act Section 21 by 18% and Section 24 by 30% compared to the previous 12 months. Conversely, the total number of stops under other less frequently used powers increased by a small number compared to the previous 12 months.
- counter terrorism powers accounted for 14% of all stops, compared to 16% during the previous 12 months.
- 6% of stops resulted in an arrest. An additional 17% resulted in another form of outcome, e.g. Community Resolution Notice.
- there were fewer stops in 9 of the 11 police districts than the previous 12 months.
- 11% (2,413) of those stopped were aged 17 and under. Of these, more than 2 out of every 3 (70%) were stopped and searched under the Misuse of Drugs Act\*.
- 85% of those stopped were male, while 40% were aged 18 to 25.
- there were 12 persons stopped for every 1,000 people in Northern Ireland.

*\* alone, or in combination with other powers.*

### Coverage

Stop and search statistics for Northern Ireland are collated and produced by statisticians seconded to the Police Service of Northern Ireland (PSNI) from the Northern Ireland and Statistics Research Agency (NISRA).

Stop and Search is an operational tool used to prevent, detect and investigate crime as well as to bring offenders to justice. Police officers have a legal power to stop and search members of the public in certain circumstances, from dealing with incidents of anti-social behaviour, to suspecting an individual is carrying drugs, a weapon or stolen property through to countering terrorism. There are a range of legislative powers available to an officer to carry out this task, including the Police and Criminal Evidence Order (PACE), the Misuse of Drugs Act, the Terrorism Act and the Justice and Security (NI) Act. In most circumstances a police officer will need grounds to search an individual. Some stop and search powers (those under the Justice and Security Act) allow individuals to be searched without grounds, for example, to counter terrorism. Further advice and information regarding stop and search can be found [here](#).

Officers are required to make a record of the details of a stop and search at the time of encounter as outlined in the [PACE code of practice](#). This data is downloaded from a stop and search database, validated and published on a quarterly basis. Statistics are presented on a rolling 12 month basis and this quarterly bulletin presents stop and search statistics for the period 1 January 2022 to 31 December 2022. An [accompanying spreadsheet](#) is available on our website which outlines the data in this bulletin and historic trends.

Details of how these statistics are collated, reported and used is included in the [Stop and Search User Guide](#). Further information about this publication, including the legislation reported on, can be found in the Background Notes section at the end of the report. The next quarterly update will be published on 24 May 2023.

### Users and uses of the statistics

Uses of the statistics, based on user engagement, information requests and satisfaction survey feedback include policy making and policy monitoring, performance monitoring and public interest, by a range of users including PSNI, the Policing Board, media and academics. Full details can be found in the [Stop and Search User Guide](#).

PSNI Statistics Branch welcomes any user feedback on these statistics, which can be provided via the email address on the cover page.

### Official Statistics

This bulletin is an Official Statistics publication meaning it complies with the Code of [Code of Practice for Official Statistics](#). More information on [Official Statistics](#) is available on the PSNI Statistics website.

## 2. Summary Statistics

**Table 1: Number of persons stopped and searched/questioned under all legislative powers during January 2022 to December 2022 compared to the previous 12 months**

January 2021 - December 2021		January 2022 - December 2022		Percentage change in number of persons stopped
Number of persons stopped	Subsequent arrest rate	Number of persons stopped	Subsequent arrest rate	
25,514	6%	21,910	6%	-14%

More than one legislative power can be used to stop and search/question a person. For this reason the total number of powers used will be greater than the total number of persons stopped and searched/questioned. For example, an individual stopped under PACE and Misuse of Drugs Act will be counted as one person in Table 1 but will have a count of 1 in both the PACE and Misuse of Drugs categories in Table 2, and other subsequent tables displaying the use of each power.

**Table 2: Number of times each power was used for a stop and search/question during January 2022 to December 2022 compared to the previous 12 months<sup>(1)</sup>**

Legislation	January 2021 - December 2021		January 2022 - December 2022	
	Number of persons stopped	Subsequent arrest rate <sup>(2)</sup>	Number of persons stopped	Subsequent arrest rate <sup>(2)</sup>
PACE	2,975	18%	2,516	21%
Misuse of Drugs Act	18,348	5%	16,283	5%
Firearms Order	36	19%	65	22%
TACT S43	31	3%	66	9%
TACT S43A	6	0%	31	0%
TACT 47A	0	.	0	.
JSA Section 21	505	<1%	416	1%
JSA Section 24	3,690	1%	2,589	1%
Other <sup>(3)</sup>	86	2%	59	0%

- (1) As more than one legislative power can be used to stop and search/question a person, the sum of the powers used will be greater than the total number of persons stopped and searched/questioned.
- (2) For those persons stopped under a combination of legislative powers (1% of stops) and subsequently arrested, the arrest will be counted under each power. Reason for arrest may not be linked to the initial reason of the stop and search. Arrest rates are rounded to the nearest whole number.
- (3) 'Other' legislative powers are listed in Section 10.2

(1) Figures in this section are based on financial year.

(2) The difference between **total uses of each legislative power** and **total number of persons stopped and searched/questioned** will be due to persons stopped under combinations of powers being counted under each legislation used (e.g. someone stopped under PACE and the Misuse of Drugs Act will have a count of one under each of these powers).

(3) TACT Section 47A has been in place since March 2011 although the power has only been authorised for use during one period in May 2013.

(4) Searches under the authority of a warrant and searches that have been carried out after an arrest have been excluded from the 2017/18 figures onwards (impact is an approximate 2.5% reduction in the total number of persons stopped).

(5) TACT S43, S43A and JSA S21, S24.

(6) Percentages may not sum to 100% due to rounding.

(7) Figures from 2004/05 can be found in the accompanying spreadsheet.

## 4. Persons stopped and searched during the past 12 months

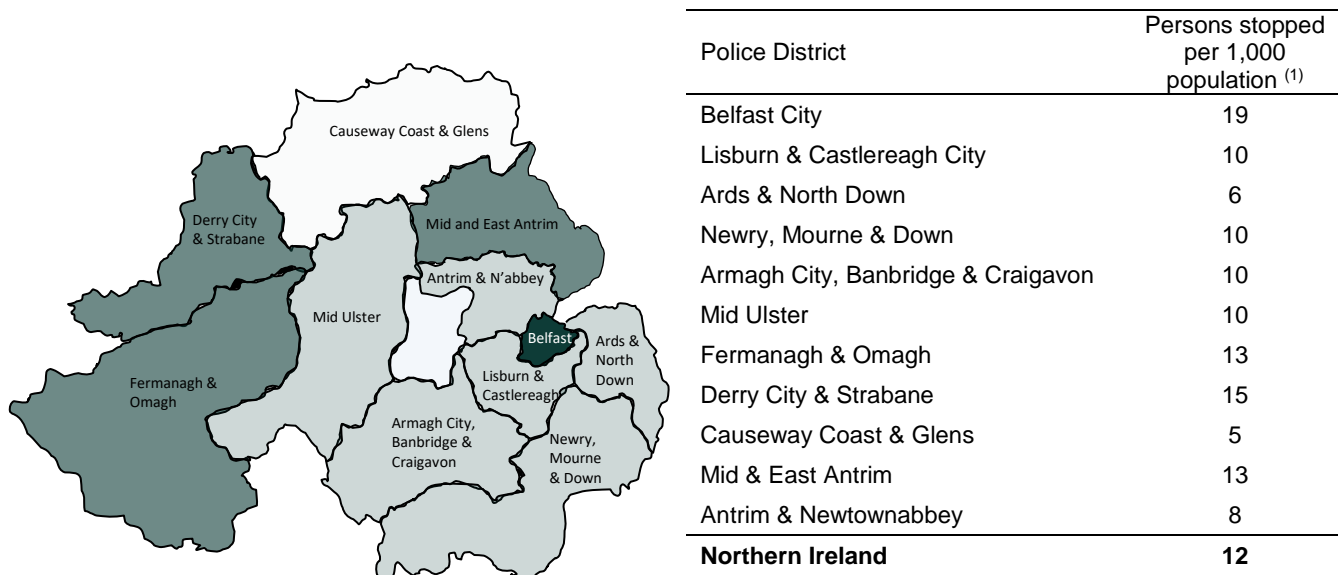

### 4.1 By policing district

**Table 5: Number of persons stopped and searched/questioned and subsequently arrested under all legislative powers during January 2022 to December 2022 by police district**

Police District	Total persons stopped	Total persons arrested	Arrest rate <sup>(1)</sup>
Belfast City	6,627	571	9%
Lisburn & Castlereagh City	1,479	99	7%
Ards & North Down	911	51	6%
Newry, Mourne & Down	1,815	82	5%
Armagh City, Banbridge & Craigavon	2,194	97	4%
Mid Ulster	1,480	42	3%
Fermanagh & Omagh	1,471	52	4%
Derry City & Strabane	2,251	145	6%
Causeway Coast & Glens	775	47	6%
Mid & East Antrim	1,796	75	4%
Antrim & Newtownabbey	1,111	67	6%
<b>Northern Ireland</b>	<b>21,910</b>	<b>1,328</b>	<b>6%</b>

(1) Although the arrest rate can be used as an indicator of the effectiveness of a stop and search there are a number of other possible outcomes that could indicate a successful search, which are presented in Section 4.3 (Table 11).

**Figure 3: Number of persons stopped and searched/questioned under all legislative powers per 1,000 population in each police district during January 2022 to December 2022**

(1) Rates per 1,000 are calculated using NISRA's mid-2021 [population estimates](#), the latest available data at police district level.

## 4.2 By age, gender and ethnicity

**Table 6: Number of persons stopped and searched/questioned and subsequently arrested under all legislative powers during January 2022 to December 2022, by age and gender**

(1) As more than one legislative power can be used to stop and search/question a person, the sum of the powers used will be greater than the total number of persons stopped and searched/questioned. Similarly, the sum of arrests will be greater than the total number of persons arrested. (2) Reason for arrest may not be linked to the initial reason of the stop and search.

### 4.3 Outcomes of stop and searches/questions

**Table 11: Principal outcome of persons stopped and searched/questioned under all legislative powers during January 2022 to December 2022**

Outcome	Number	%
Arrest	1,328	6%
Community Resolution	2,234	10%
Report to PPS	1,485	7%
Penalty Notice for Disorder	26	<1%
No Further Action Disposal	16,837	77%
<b>Total</b>	<b>21,910</b>	<b>100%</b>

- (1) The outcome may not be linked to the initial reason of the stop and search.  
(2) Percentages may not sum to 100% due to rounding.

## 5. Frequency of use of powers

**Table 12: Number of times all powers were used during January 2022 to December 2022 by quarter <sup>(1)</sup>**

	January to March	April to June	July to September	October to December	Total

(1) As more than one legislative power can be used to stop and search/question a person, the sum of the powers used will be greater than the total number of persons stopped and searched/questioned.

**Figure 4: Percentage change in the use of all legislative powers by policing district during January 2022 to December 2022 compared to the previous 12 months**

(1) The percentage change in the use of individual powers by policing district can be found in the accompanying spreadsheet.

## 6. Reason for search under PACE

**Figure 5: Number of persons stopped and searched under PACE during January 2022 to December 2022 by reason for search**

- (1) As more than one reason can be used to stop and search a person, the sum of the reasons may be greater than the total number of persons stopped and searched under PACE.  
 (2) The reason for arrest may not be linked to the initial reason of the search.

## 7. Vehicles stopped and searched during the past 12 months

Vehicle searches include vehicle-only searches as well as those in which a vehicle was searched together with any persons in it. **Therefore figures in Table 14 should not be added to other figures in this report to get the total number of stop and searches** as this would result in the double counting of an occupant of a vehicle searched.

**Table 14: Number of times each power was used to stop and search a vehicle during January 2022 to December 2022 compared to the previous 12 months <sup>(1)</sup>**

Legislation <sup>(2)</sup>	January 2021 - December 2021	January 2022 - December 2022	Percentage change
	Number of vehicles stopped	Number of vehicles stopped	
PACE	648	482	-26%
Misuse of Drugs Act	6,748	5,957	-12%
Firearms Order	21	30	43%
TACT S43	22	39	77%

TACT 47A	0	0	-
JSA Section 24	4,700	3,105	-34%
Other	20	20	0%

- (1) As more than one legislative power can be used to stop and search a vehicle, the sum of the powers used will be greater than the total number of vehicles stopped and searched.  
 (2) JSA S21 is excluded from this table as it is a stop and question power.

Figure 7: Percentage of stops resulting in an arrest during 1st April 2021 to 31st March 2022 by police force <sup>(1,2)</sup>

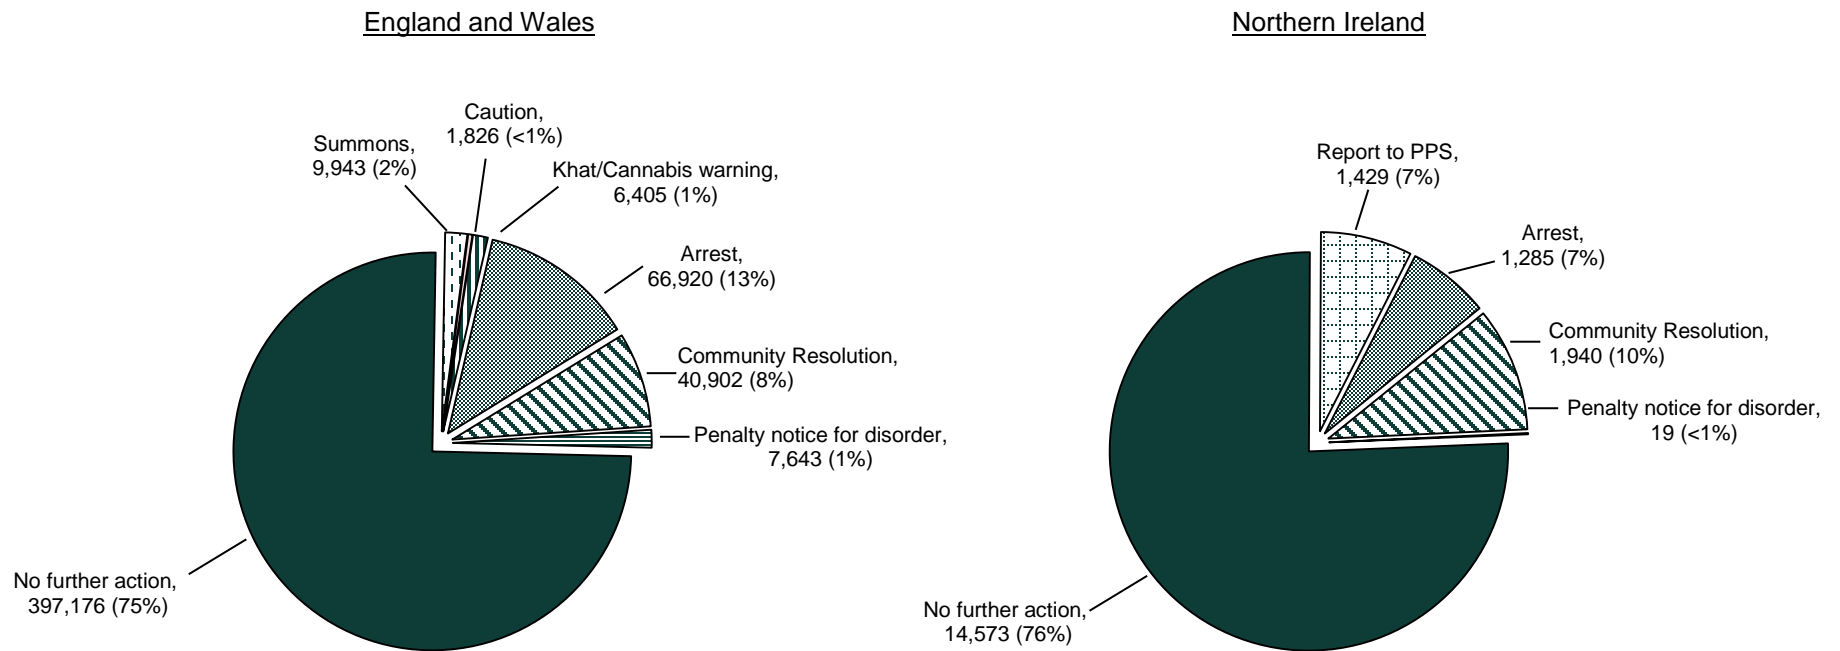

(1) The latest data available for England and Wales is 2021/22 (*Police powers and procedures, England and Wales, year ending March 2022*). For comparability, the 2021/22 NI figures are also shown.

(2) In the interest of comparability, the NI figure excludes stops under JSA Section 21 and 24.

(3) Rates per 1,000 are calculated using NISRA's mid-2021 [population estimates](#).

**Figure 8: Principal outcome of stop and search during 1st April 2021 to 31st March 2022<sup>(1,2)</sup>**

**25 out of every 100 stops in England and Wales resulted in an outcome**

**24 out of every 100 stops in Northern Ireland resulted in an outcome**

- (1) The latest data available for England and Wales is 2021/22 (*Police powers and procedures, England and Wales, year ending March 2022*). For comparability, the 2021/22 NI figures are also shown.
- (2) In the interest of comparability, the NI figure excludes stops under JSA Section 21 and 24.
- (3) England and Wales figures include vehicle only searches (3% of all searches). Northern Ireland figures do not.
- (4) 'No further action' figures for England and Wales include voluntary attendance, verbal warning, seizure of property, guardian intervention and other action.
- (5) Percentages may not sum to 100% due to rounding.

## 9. Background Notes

Further information on how these statistics are collated, reported and used is included in the Stop and Search User Guide which can be found [here](#).

### 10.1 Persons, vehicles or both searched

Officers record if each stop and search involved (i) only a person, (ii) only a vehicle or (iii) both.

All of the statistics reported in this publication, except Table 14, are a count of persons stopped and searched, that is, those stops under (i) **plus** those stops under (iii). Table 14 presents the number of vehicles stopped and searched, that is, those stops under (ii) **plus** stops under (iii).

**Therefore figures in Table 14 should not be added to other figures in this report to get the total number of stop and searches** as this would result in the double counting of an occupant of a vehicle searched.

### 10.2 Stop and search legislation

The following table summarises the legislative powers available to a PSNI officer to perform a stop and search.

Legislation	What the police can search for
The Police and Criminal Evidence (Northern Ireland) Order 1989, Section 3	Stolen property, going equipped to steal, offensive weapons including a blade or point, fireworks.
Misuse of Drugs Act 1971, Section 23	Controlled drugs
Firearms (Northern Ireland) Order 2004, Section 53	Firearms
Justice and Security (Northern Ireland) Act 2007, Sections 21 and 24	Section 21 gives a police officer the authority to stop and question an individual to establish their identity and movements.  Section 24 gives a police officer the authority to search for munitions and wireless apparatus. This can be done if (1) an officer has reasonable suspicion that he will find such items, or (2) he was authorised from an ACC.
Terrorism Act 2000, Section 43 and 43A	Anything which may constitute evidence that the individual is a terrorist, where an officer must have reasonable suspicion of terrorism-related activity.  Section 43 gives a police officer the authority to search an individual. Section 43A gives a police officer the authority to search a vehicle as well as any individual he reasonably suspects to be a terrorist.
Terrorism Act 2000, Section 47A	Anything which may constitute evidence that the individual is a terrorist, but an officer may not necessarily have reasonable suspicion of terrorism-related activity but the search must occur within an area authorised made by a senior police officer and where necessary confirmed by the Secretary of State.

The PSNI have a number of other legislative powers that give them the authority to carry out a stop and search. These are:

- Section 139B of the Criminal Justice Act 1988
- Schedule 5 to the Terrorism Prevention and Investigation Measures Act 2011
- Article 6 Crossbows (Northern Ireland) Order 1988
- Article 25 Wildlife (Northern Ireland) Order 1985
- Article 23B of The Public Order (Northern Ireland) Order 1987
- The Psychoactive Substances Act 2016.

These are less frequently used powers and are reported collectively under '*Other legislative powers*' in this report.

Further information on these powers can be found at [legislation.gov.uk](https://legislation.gov.uk).

### **10.3 Longer term trend comparability**

An internal review was carried out to assess the PSNI's compliance with PACE legislation governing the recording of stop and searches under Articles 3-5. The review found that searches under the authority of a warrant and searches carried out after an arrest had been recorded, and subsequently reported, as searches under Articles 3–5 when in fact they are governed by other articles of PACE. In order to fully comply with PACE legislation and more accurately report the usage of stop and search powers, searches under the authority of a warrant and searches that have been carried out after an arrest have been excluded from the 2017/18 figures onwards. Figures reported for the period pre-2017/18 still contain such searches. The impact is an approximate 2.5% reduction in the total number of persons stopped and searched/questioned from 2017/18 onwards.
