

Avian Influenza ADVICE

Avian influenza has been detected in wild birds in Northern Ireland

The public should avoid contact with wild birds including their feathers and waste.

- Do not pick up or touch sick, dying or dead wild birds.
- Avoid contact with surfaces contaminated with bird faeces.

Please keep to the footpath and keep your dogs on a lead.

If you find a dead bird, do not touch or move it. If you find dead waterfowl (swans, geese or ducks) or gulls or birds of prey, report it to the DAERA helpline:

0300 200 7840
