Coverage

Police Recorded Statistics on the Security Situation for Northern Ireland are collated and produced by statisticians seconded to the Police Service of Northern Ireland (PSNI) from the Northern Ireland Statistics and Research Agency (NISRA).

Police recorded statistics relating to the security situation in Northern Ireland are the main source of official information on trends and statistics relating to the security situation throughout the Troubles and up to the present day. The PSNI produces statistics on incidents relating to the security situation that are reported to the police, including security related deaths, shooting and bombing incidents, paramilitary style attacks and arrests under Section 41 of the Terrorism Act 2000.

This monthly bulletin presents the most recent security situation statistics for the period 1 July 2025 to 30 June 2026. Figures for the financial year 2026/27 are provisional and subject to minor amendment. An accompanying [spreadsheet](#) is available on our website which outlines the data in this bulletin and historic trends. Further information on how these statistics are collated, reported and used is included in the [Security Situation Statistics User Guide](#) available on the [PSNI website](#). The next monthly update will be published on 7 August 2026.

The security situation figures relate to those incidents that took place within Northern Ireland, they do not include any security related incidents that may have happened either in the Republic of Ireland or in Great Britain.

These statistics only include those incidents that are brought to the attention of the police and some such incidents may not have been reported. Therefore a level of under-reporting may exist and users of the statistics should exercise caution when examining trends based on these police statistics.

Accredited Official Statistics

[Accredited Official Statistics](#)¹ are official statistics that have been independently reviewed by Office for Statistics Regulation (OSR) and confirmed to comply with the standards of trustworthiness, quality and value in the [Code of Practice for Statistics](#). Producers of accredited official statistics are legally required to ensure they maintain compliance with the Code. Accredited official statistics are called National Statistics in the Statistics and Registration Service Act 2007.

These accredited official statistics were independently reviewed by the Office for Statistics Regulation in June 2012. They comply with the standards of trustworthiness, quality and value in the Code of Practice for Statistics and should be labelled 'accredited official statistics'.

Our statistical practice is regulated by the Office for Statistics Regulation (OSR). OSR sets the standards of trustworthiness, quality and value in the Code of Practice for Statistics that all producers of official statistics should adhere to. You are welcome to contact us directly with any comments about how we meet these standards by emailing statistics@psni.police.uk. Alternatively, you can contact OSR by emailing regulation@statistics.gov.uk or via the [Office for Statistics Regulation website](#).

¹ From 7 June 2024 the Accredited Official Statistics badge replaced the National Statistics badge.

2. Summary Statistics

Figure 1 summarises the number of security related incidents during the past 12 months compared to the previous 12 months.

Figure 1: Comparison of security incidents between 1 July 2024 – 30 June 2025 and 1 July 2025 – 30 June 2026.

** Figures in this publication include only those arrests that are linked to the security situation in Northern Ireland; persons who have been arrested under Section 41 of the Terrorism Act for other reasons are excluded.*

3. Ten year trends (by financial year)

Figure 2: Number of deaths due to the security situation 2016/17 – 2025/26

Figure 3: Number of shooting and bombing incidents 2016/17 – 2025/26

Figure 4: Number of casualties as a result of paramilitary style shootings^(1,2) 2016/17 – 2025/26

Figure 5: Number of casualties as a result of paramilitary-style assaults^(1,2) 2016/17 – 2025/26

Figure 6: Number of persons arrested under Section 41 of the Terrorism Act & subsequently charged with any offence 2016/17 – 2025/26

(1) Paramilitary style assaults/shootings that result in death are counted as security related deaths and are not reflected in the paramilitary style assault/shooting figures.(2) Attribution is as perceived by PSNI based on the information available at the time of the incident and does not necessarily indicate the involvement of a paramilitary organisation.

4. Commentary

4.1 Security Related Deaths

Security related deaths are those which are considered at the time of the incident to be directly attributed to terrorism, where the cause has a direct or proximate link to subversive / sectarian strife or where the death is attributable to security force activity.

- There were no security related deaths during the last 12 month period, as was the case during the previous 12 months. The last such death occurred in Belfast in January 2024.

4.2 Shooting Incidents

These include any shooting incident relating to the security situation and include shots fired by terrorists, shots fired by the security forces, paramilitary style attacks involving shootings and shots heard (and later confirmed by other sources).

- There were 10 shooting incidents during the last 12 months, compared to 16 during the previous 12 months. See Figure 7 for a monthly breakdown over the past 24 month period.
- Of the 10 shooting incidents in the last 12 months, 3 occurred in Belfast, 2 occurred in each of the Districts Ards and North Down, Derry City and Strabane and Causeway Coast and Glens, while one occurred in Lisburn and Castlereagh.

Figure 7: Number of shooting incidents over the past 24 months (July 2024 to June 2026)

4.3 Bombing Incidents

These include all incidents where a bombing device explodes or is defused. If a device is found that is not complete or armed, then it is recorded as a ‘find’ and not as a bombing.

- There were 21 bombing incidents during the last 12 months, compared to 5 during the previous 12 months. See Figure 8 for a monthly breakdown.
- Of the 21 bombing incidents, half (10) occurred in Belfast, 3 occurred in Derry City and Strabane and 2 occurred in each of the Districts Lisburn and Castlereagh, Armagh City, Banbridge and Craigavon and Mid Ulster. There was one bombing incident in Newry, Mourne and Down and one in Mid and East Antrim.

Figure 8: Number of bombing incidents over the past 24 months (July 2024 to June 2026)

4.4 Paramilitary Style Assaults

Paramilitary style assaults are usually carried out by Loyalist or Republican groups on members of their own community as a so-called punishment. The assault will involve major or minor physical injury to the injured party typically involving a group of assailants armed with, for example, iron bars or baseball bats. Paramilitary style assaults that result in death are counted as ‘security related deaths’ and are not reflected in the paramilitary style assault figures.

- There were 21 casualties of paramilitary style assaults during the last 12 months, compared to 20 during the previous 12 months. The greatest number of assaults occurred in Belfast (6) followed by Ards and North Down (5). There were paramilitary style assaults recorded in four other policing Districts during the same period, see Section 5 for further detail.
- All 21 casualties of paramilitary style assaults during the last 12 months were aged 18 years and above.

Figure 9: Number of casualties resulting from paramilitary style assaults⁽¹⁾ over the last 24 months (July 2024 to June 2026)

(1) Paramilitary style assaults that result in death are counted as security related deaths and are not included in the casualties of paramilitary style assaults figures.

4.5 Paramilitary Style Shootings

Paramilitary style shootings usually result in the injured party being shot in the knees, elbows, feet, ankles or thighs and the motive is supposedly to punish the person for anti-social activities. These paramilitary style shootings are generally conducted by Loyalist or Republican paramilitary groups on members of their own community. Paramilitary style shootings that result in death are counted as ‘security related deaths’ and are not reflected in the paramilitary style shooting figures.

- There were 2 casualties of paramilitary style shootings during the last 12 months, compared to 8 during the previous 12 months.
- Belfast and Ards and North Down each experienced one such attack.
- Both casualties of paramilitary style shootings during the last 12 months were aged 18 years and above.

(1) Paramilitary style shootings that result in death are counted as security related deaths and are not included in the casualties of paramilitary style shootings figures.

4.6 Finds of Firearms, Explosives and Ammunition

These refer to the seizure or recovery of all illegal firearms, ammunition, explosives, rocket/mortar launchers, detonators and bomb making material/equipment. Replica/blank firing firearms, petrol bombs and petrol bomb making materials, grenades and munitions from World War 1 or World War 2 found on the beach or in attics etc. are not recorded as finds.

Firearms Finds

- There were 10 firearms found during the past 12 months, compared to 6 during the previous 12 months.

Explosive Finds

- There were 1.05kg of explosives found during the past 12 months compared to 0.25kg during the previous 12 months.

Ammunition Finds

- There were 536 rounds of ammunition found during the past 12 months compared to 277 rounds found in the previous 12 months.

4.7 Section 41 Terrorism Act Arrests and Subsequent Charges

Section 41 of the Terrorism Act 2000 enables police officers to arrest persons whom they reasonably suspect to be a terrorist. Following arrest under Section 41 of the Terrorism Act an individual may be charged with any offence (e.g. attempted murder) and not necessarily an offence listed under the Terrorism Act. Figures in this publication include only those arrests that are linked to the security situation in Northern Ireland; persons who have been arrested under Section 41 of the Terrorism Act for other reasons are excluded.

- There were 22 persons arrested under Section 41 of the Terrorism Act 2000 during the past 12 months, compared to 33 during the previous 12 months (see Figure 11).
- Of the 22 arrests, 9 occurred in Belfast, 4 occurred in each of the Districts Armagh, Banbridge and Craigavon and Mid Ulster and 2 occurred in Derry City and Strabane. There was one such arrest in each of the Districts Ards & North Down, Newry, Mourne and Down and Fermanagh and Omagh.
- There were 7 persons arrested under Section 41 of the Terrorism Act 2000 and subsequently charged (with any offence) during the past 12 months, compared to 5 during the previous 12 months.

(4) Statistics refer to charges brought against a person after the original period of detention (including extensions). Any subsequent charges, additions, deletions to the original charges are not included.

(5) Persons can be charged under legislation other than the Terrorism Act.

6. Revisions

Revisions are carried out in accordance with our [Revisions Policy](#), a copy of which is available in the Official Statistics section of the PSNI Statistics website. Figures within the current financial year to date are provisional and will be subject to slight revision until figures for the full financial year are published. This means that the totals for each month from April 2026 can change each time the figures are published during the financial year. These amendments can happen for a number of reasons, such as an incident being included or excluded following further investigation by an officer.

Since the previous publication in June 2026 there have been no revisions made to the data.
